Substances Identified for 2013 Registration with no information on LR nomination/ registration

626

NB: Refer to the full information on intentions and to the registered substances section of the ECHA website (<http://echa.europa.eu/web/guest/information-on-chemicals/registered-substances>), unless the IUPAC name is claimed confidential.

Source of information: feedback from pre-registrants that indicated in their pre-registrations an intention to register their substances by the 2013 deadline. ECHA used two channels to contact the pre-registrants: (i) targeted Large companies and (ii) General pre-registrants, who were requested to declare their intentions for the next deadline.
